

DOWNTOWN COMMONS

Sustainable Community Living

THE BUILDING

The Downtown Commons is a modern, “green” residential tower located in Winnipeg’s downtown close to the Winnipeg Art Gallery and the University of Winnipeg. Enjoy the convenience of living within walking distance to several major event centres, restaurants, daycares, shops, and parks.

- A mix of 1, 2 and 3 bedroom apartments with several different sizes and plans will provide a range of choices to accommodate a variety of lifestyles
- Access to an on-site car co-op program and an electric car charging station
- Indoor, secured lock-up room for bikes

COMMON AREA

The main floor is devoted to tenant use to encourage vibrant, connected community living with a lounge that has a terrific urban view and provides:

- Community kitchen space
- Wi-Fi
- Access to landscaped terrace
- Accommodations for smudging ceremonies
- Common laundry facilities

SUSTAINABILITY

In response to the University of Winnipeg’s commitment to the Kyoto Protocol, the Downtown Commons primarily utilizes clean hydro generated electricity for over 90% of its energy consumption which significantly reduces greenhouse gas emissions.

The Downtown Commons has achieved Power Smart designation from Manitoba Hydro and a public reader board will provide direct feedback on the building’s energy use.
